

Jesus Project - Grade 7

Dear Parent or Guardian,

Throughout the ten sessions of this course, the participants will be learning more about who Jesus is and what his role is in their lives. Along the way they will be gathering and possibly creating images of Jesus that reflect his many different roles and titles. Good places to search for images include the Internet, religious magazines, or the religion section of the newspaper.

After gathering or creating images, the young people will then prepare a presentation of their images by putting them together in a collage or any other artistic representation. They are to **include text** with the images to help explain the roles or titles the images represent, as well as the significance of those roles or titles of Jesus in their own lives. Pick 10 for your collage on a poster board or presentation board.

For example, the participants may find or create a picture of Jesus washing the feet of his Apostles to represent Jesus in his role as servant. Please use the following list to use as a guide:

- Jesus is my Friend
- Jesus is Family
- Jesus is my Lord
- Jesus is my Example
- Jesus is my God
- Jesus is the Second Person of the Trinity
- Jesus is the Messiah
- Jesus is the Son of God
- Jesus is the Son of Man

- Jesus is the Word of God
- Jesus is our Savior
